

## ***Faith Can Never Be Lost***

ה"ר

***Rabbi Zev-Hayyim Feyer***

Our thought for today is  
*FAITH CAN NEVER BE LOST*

Faith changes things because it channels Divine Energy into personal effectiveness.

*FAITH CAN NEVER BE LOST*

Faith releases psychological power because it refuses to accept the obvious visible negativity. It relies rather on the more effective energy of expectation. Our attitudes and emotions are thereby stabilized.

*FAITH CAN NEVER BE LOST*

Faith is freedom, for it allows the unhurried and unharrassed working out of knotty situations. It is an attitude of reliance on love and wisdom, drawing from Divine Consciousness all necessary knowledge, unfettered by fear or fright.

*FAITH CAN NEVER BE LOST*

Faith means boldly stepping out of a known groove into a brand new channel and doing it eagerly, not resignedly.

*FAITH CAN NEVER BE LOST*

Faith moves me first and then my mountains. My awareness, experiences, and relationships are thereby enhanced.

*FAITH CAN NEVER BE LOST*

Faith is the force of life.

*FAITH CAN NEVER BE LOST*

And now, let us enter the silence, taking this thought with us and resting in it

*FAITH CAN NEVER BE LOST*
