

Choose Positively
Rabbi Zev-Hayyim Feyer

Our thought for today is
 CHOOSE POSITIVELY

Choosing with wisdom involves decision and responsibility. We choose best when we are guided by Love; then our choices help us and help others.

CHOOSE POSITIVELY

So it is with The One we choose to serve – the G*d of joy or the god of despair. If we choose a positive attitude based on faith, on the goodness of life, if we choose an ethical value system based on emotionally mature attitudes, we are in control of our choices, not slaves to our whims.

CHOOSE POSITIVELY

First comes our decision to say Yes to life. Next is our responsibility to say No to strife. Then choice is freedom.

CHOOSE POSITIVELY

We decide in our thoughts and feelings which way we are to walk. It is the one area where we are in total command.

CHOOSE POSITIVELY

All choice starts with the person and links with the Divine. The smallest thought lives forever.

CHOOSE POSITIVELY

The strongest principle of growth lies in human choice.

CHOOSE POSITIVELY

And now, let us enter the silence, taking this thought with us and resting in it
